NO MORE CHOLERA.

It Is Practically Stamped Out at Quarantine.

BUT ONE VESSEL NOW HELD.

The Scandia, the Banner Pest Ship of the Hamburg Line, Released from Quarantine and Starts for Baltimore—No Cholera on Incoming Vessels—The Scourge Abroad.

NEW YORK, Sept. 30.—All reports from the detained steamships at the upper and lower quarantine stations are favorable, and Fire Island and Camp Low depopulated and the last of the Scandia's passengers released from Hoffman Island, the cholera may be said to be stamped out.

The only infected ship left in the lower bay is the Bohemia, the last vessel to arrive with cholera. Her steerage passengers were transferred yesterday and the ship was disinfected more thoroughly than was possible while the people were on board. At Swinburne Island, where all the sick patients, convalescents and suspects are, the condition of affairs is reported to be most encouraging. There are no new cases and the sick are improving.

On the Stonington there are a number of cases of measles, and that malady has caused the doctors more trouble than the cholera during the past week.

In the upper bay a number of ships are detained, most of them being held because they are from Hamburg, but on none of them have any signs of cholera been discovered.

The banner pest ship of the Hamburg fleet—the Scandia, Captain Kopff, which arrived from Hamburg Sept. 9, with a record of thirty-two deaths during the voyage, hoisted anchor at 6:45, and sailed for Baltimore, the port for which she was originally destined. All her passengers who have been on Hoffman Island for the past ten days or more were yesterday landed at Ellis Island.

Captain Kopff expects that the report of Dr. Kinyoun, of the Marine hospital service who has been busy the past four days in disinfecting the vessel and who pronounces her to be now the cleanest ship in the harbor, will enable him to avoid detention at quarantine at Chesapeake bay.

The Hamburg American steamers Dania, from Cux Haven, Sept. 18, with 107 passengers and the Slavonia, from Hamburg, Sept. 18, arrived yesterday. All were well on board both steamers. The Gallia, from Liverpool, arrived with 103 first and 261 second cabin passengers, and also reported all well.

The tugs Golden Rod and Rawson, of the police patrol in the lower bay, were relieved from duty yesterday.

CHOLERA ABROAD.

Dying Out in Hamburg and Other Foreign Ports.

HAMBURG, Sept. 30.—The number of fresh cases of cholera here yesterday was 130, or nine more than Wednesday; the number of deaths thirty-four, or nineteen less than Wednesday; the number of burials 149, or seventeen less than Wednesday. The hospitals are treating only 1,158 patients, or 711 less than Wednesday.

From Altona nine fresh cases and nine deaths are reported.

The return of the fugitives has now fairly begun, and every train brings in many families from other seaport towns. Houses in the best portion of the city are being opened by the dozen, and all trade outside of the harbor district shows a daily increase.

While warning the people that the utmost care in the use of food and drink should still be used, the newspapers congratulate the people upon the fact that the days of peril are past. The work of cleaning, disinfecting and improving the lower quarters of the city is continued with unabated energy, and will be prosecuted throughout the winter in anticipation of a slight outbreak next summer.

Peru Quarantines.

PANAMA, Sept. 30.—Peru has established a quarantine against vessels from Panama carrying passengers, mail or freight received from North American steamships. Their steamship companies have already refused to handle the mail or freight brought from New York by the Newport and destined for Peruvian ports.

In Berlin.

BERLIN, Sept. 30.—Two cholera patients were taken to the Moabit hospital yesterday. Ten others, suspected of the disease, were also taken to the hospital. Professor Virchow says the water supply is not contaminated with cholera germs.

In Pest's Prisons.

PESTH, Sept. 30.—Cholera is spreading in the principal prison of this city. Yesterday there were eighteen cases and ten deaths.

Only Rescued Cholera.

BUDA PESTH, Sept. 30.—There were nine cases resembling cholera in this city within three days. Four of the nine died.

Only One Case.

CRACOW, Sept. 30.—One death from cholera was reported in this city yesterday and one in the adjoining village of Podgorze.

Fire in Winnipeg.

WINNIPEG, Man., Sept. 30.—Several blocks of buildings at Virden were destroyed by fire yesterday. The loss will be \$50,000.

GERMAN CATHOLIC PATRIOTISM.

A Stirring Defense by Dr. Meissner at the Newark Congress.

NEWARK, N. J., Sept. 30.—At the Catholic congress Wednesday night the Rev. W. F. Imamekins, of Pittsburgh, spoke on "Our Youth, the Hope of the Future," the Rev. Mr. Heinrich, of Mauch Chunk, Pa., on "The School Question," and Rev. Dr. H. Meissner, of Peru, Ind., on "Patriotism." The latter said that Germany was the land of his birth. He left it as millions of others had done. They had sworn off all allegiance to foreign potentates. This had been recognized, but now suddenly there appeared a new edition of Know-nothings and the branding of Catholics as perfomers. The speaker said this was because he and his fellow countrymen were guilty of four crimes: First, that they came here not from necessity, but from choice; second, because they declared the glory of the United States in two languages—the English and the German; third, because they were guided by the pope. The speaker said that on his way to this country he took occasion to learn some English, because it was the official language of the country. When they arrived here they rendered themselves useful.

As to the love of the German-American for his adopted country, the speaker said that no greater proof could be asked than that they had laid down their lives for her. He pointed to the names of prominent German military officers during the war for independence and to German officers and their thousands of followers during the late civil war as examples proving his words. The speaker defended the teaching of German in the Catholic schools as an accomplishment, and said that it was necessary that the German Catholic should be able to read German that they might beneficially peruse German Catholic daily papers. He said that the Germans did not want an American church, but what they did want was a Catholic church in America, enjoying equal rights with all other Americans. He said that the pope did not claim, and no one claimed for him, any temporal power except in Rome. He said that history could not show where the German Catholic has done anything against the government of the United States. He said that one and all loved the country, and the speaker paid a glowing tribute to the United States, the form of liberty and the love of the country.

LORD MAYOR KNILL.

A Roman Catholic Chosen London's Municipal Chief.

LONDON, Sept. 30.—The livery of the city of London met Thursday in the Guild hall to elect a successor to Lord Mayor Evans. The Guild hall was crowded and unusual interest was taken in the proceedings, owing to the fact that strenuous opposition had developed against Mr. Stuart Knill, alderman for the Bridge-within ward, who stood next within rotation for the lord mayoralty, because of his religious faith, he being a Roman Catholic. Six candidates were proposed to the livery.

When Mr. Knill's name was mentioned it was received with loud cheering. There was a scene in the chamber when Councillor Moore protested against the selection of Mr. Knill because he was a Catholic. The protest was received with mingled hissing and cheering. It had little if any effect upon the liverymen and Mr. Knill was elected to the mayoralty for the ensuing year.

Expected to Die at Once.

PORTLAND, Me., Sept. 30.—Cabrillo de Rosa who stabbed and killed his brother was yesterday found guilty of murder in the first degree. The prisoner was not affected in the least, having evidently expected the verdict. He began to jabber in Italian and his words interpreted were requests that he be allowed to make his will and send his photograph to his relatives in Italy. Evidently he was under the impression that he was going to be hanged immediately. A sentence of imprisonment for life will be imposed later.

Fatal Gas Explosion.

PITTSBURG, Sept. 30.—At noon Thursday a fatal gas explosion occurred at the Edgar Thomson steel works at Braddock, by which Mike Brennan and Joseph Strokel were fatally burned. They were sent to Mercy hospital, in this city. The molten matter in the lower part of one of the furnaces had all been run out and gas collected in the opening. When it became ignited a terrible explosion resulted.

Child Falls On a Picket Fence.

BLUFFTON, O., Sept. 30.—White Wilie, aged ten, son of Cassing Steiner, living west of town, was picking apples, a limb broke, precipitating him onto a picket fence. Two of the pickets entered his abdomen, and the child hung on the picket several minutes. When taken off his bowels were exposed to view. He is fatally injured.

Miners Strike.

DECATUR, Ills., Sept. 30.—Yesterday the 300 miners employed at the coal shaft struck because the company refused to advance the pay of the fifteen drivers twenty-six cents a day. The employees of the other mines are likely to strike out of sympathy.

Ex-Congressman Killed.

LANCASTER, N. H., Sept. 30.—Ex-Congressman Jacob Benton was thrown from his runaway team yesterday, receiving injuries from which he died two hours later. Mr. Benton was a member of congress from the old Third district in 1867-80 for two terms. He was seventy-eight years old.

Rumors of Wreck.

HAGERSTOWN, Md., Sept. 30.—A report has reached here that the pay car on the Western Maryland railroad had run into freight train four miles south of this place, fatally injuring one man and seriously injuring another. No further particulars are given.

HOMESTEAD AFFAIRS

Sensational Rumors Give the Strikers Encouragement.

THE BIG PLANT SHUTTING DOWN.

All Departments Will Soon Be Closed. Carnegie Coming Home to Settle the Trouble—This is Headed by Mr. Frick. The Soldiers Returning to Their Homes.

PITTSBURG, Sept. 30.—A well founded rumor is in circulation in Homestead as the big plant of the Carnegie company will shut down in all departments this week. The twenty-three inch armor-plate mill was indefinitely closed down yesterday and the men paid off.

It was also reported yesterday evening that Andrew Carnegie had written to several prominent men in Pittsburgh, expressing a desire that the Homestead strike be settled as soon as possible. It is also heard from good authority that Mr. Carnegie is on his way to this country, and that even now he may be in New York city. This news seems to be reliable, his coming having for its sole object the settling of the difficulties with his workmen.

This last rumor caused considerable talk in labor circles here. The Homestead works are under the personal management of H. C. Frick. Mr. Frick said to a reporter of the United Press: "Well, if Mr. Carnegie is coming home, I have not heard of it and if he was coming, I think I would know something about it. You can say that there is not a particle of truth in the story. We are satisfied with the way that our workers are being run and also with the men, and I don't see why we should make any effort to effect a settlement looking toward again engaging our old men. You can also say that there is no truth in the story that our twenty-three-inch mill has been closed down and the men paid off, or that we intend to indefinitely suspend operations at our Homestead plant. Everything is going along very smoothly and we are satisfied with the situation."

Four companies of the Sixteenth regiment, who have been in active service here for the past eighty days, returned to their homes yesterday. This is just half of the regiment. The other four companies will remain here until General Wiley thinks it will be advisable to withdraw the entire military force. The advisory board of the strikers still seem hopeful of winning the strike, while on the other hand the Carnegie people don't appear anxious to engage their old employees.

An Appeal for Homesteaders.

SPRINGFIELD, O., Sept. 30.—Trades and labor assembly hero has just received a stirring appeal from the American Federation of Labor for aid for the locked-out men at Homestead.

WEST VIRGINIA FEUD.

Two Little Girls Shot Down in Cold Blood by Their Aunt.

HUNTINGTON, W. Va., Sept. 30.—On Fudge creek, this county, the eight and ten-year-old daughters of Charles Billups were shot while sitting in the door of their home and the older one is not expected to live. The shooting was done by Mrs. James Pike, an aunt of the children, and she was incited to commit the deed by an attack made on her husband, last Sunday, by Billups.

There has been bad blood between the Pikes and Billups for several years and numerous shootings have occurred.

Three years ago Billups and Mrs. Pike's father-in-law had a terrible encounter with axes in the woods and Billups killed his opponent and alleged self-defense at the trial where he was acquitted.

Mrs. Pike is now under arrest awaiting the results of the wounds.

RAILROAD SMASHUP.

Two Men Killed and Twenty Cars Destroyed.

HORNELLVILLE, N. Y., Sept. 30.—A bad wreck occurred on the Erie, at Adrian, causing the death of two men and the destruction of about twenty cars. An extra freight took the switch at Adrian to let regular 12 pass. When train 12 was by, and a portion of the extra was out on the main track, train 84, following 12, struck the extra in the head, making a smashup.

Fireman Newman, of Train 84, who lives here, was buried under the wreck and killed. The wreck occurred in front of the station and the building was badly damaged by flying wreckage. An unknown stranger who was standing on the platform of the depot was instantly killed by a flying timber.

TRAIN ROBBERS SEEN.

Detectives Close After Them But They are at Great Disadvantage.

RAYMOND CAL., Sept. 30.—News is just received from Dalton station that Evans and Sontag, the Collins train robbers, were seen there yesterday. Mrs. Faust, wife of a section foreman who formerly lived in Visalia and knew Evans there, positively identified Evans.

Both men were heavily armed and very cautious. They were going toward the foot hills. The detective, Smith and his party, arrived at Dalton on an early morning train and will start on their trail at once. From the hills around there a full view for miles can be had. This will give the fugitives a great advantage over the officers.

WEATHER INDICATIONS.

Fair; east to south winds.

THE Bracken Chronicle says it's immaterial who the Republicans nominate for Circuit Judge. Harbesen is immensely popular, and will win.

EVERY Democrat in Maysville should register next Tuesday. Republicans are preparing for an aggressive fight in November, and we should not be caught napping.

MR. HORATIO FICKLIN entered the contest for City Collector and Treasurer yesterday, and it will be lively from now on. He is a native and a life-long resident of Maysville, and the people know he is trustworthy, and thoroughly qualified for the important position he seeks.

COLONEL AL. BERRY, the "tall sycamore of the Licking," plucked the Congressional nomination in the Covington district, the final ballot standing: Berry, 42; Baker, 31. Hon. Theodore Hallan threw his forces to Berry. The nominee is one of the ablest Democrats of that district.

ANOTHER candidate for City Marshal is formally announced in the BULLETIN in the person of Mr. John V. Day. Mr. Day is a quiet, sober and industrious citizen, who is ever found at his post of duty. He is well fitted for Marshal, and the office will be in good hands if the people should honor him with the position.

THE Ashland Signal is having a good deal to say about Congressman Paynter's record. The Signal should remember the miserable and disgraceful record made by one W. W. Culbertson, the Representative Ashland furnished this district a few years ago, and then keep silent. Tom Paynter has been an honor to his district and his party.

THE DEMOCRATIC POLICY.

If I were asked to define as concisely as possible the whole Democratic policy, I should state it substantially as follows:

We favor a tariff for revenue only, limited to the necessities of the Government, economically administered, and so adjusted in its application, as far as practicable, as to prevent unequal burdens, encourage productive industries at home and afford just compensation to labor, but not to create or foster monopolies. These are the cardinal principles upon which the details of all tariff legislation should be based.—David B. Hill.

"MINGLED ROBBERY AND FRAUD."

Our contemporary of the BULLETIN will probably be shocked when he learns that Col. Alex. K. McClure, of the Democratic Philadelphia Times, insists on voting the Republican ticket.—Public Ledger.

We confess we will be somewhat "shocked" when we learn that Colonel McClure insists on doing anything of the kind. Any one would be, after reading the following Associated Press telegram:

PHILADELPHIA, September 25.—A larger crowd than that which heard Governor McKinley speak, at the Academy of Music last Friday night, was present at the same place to hear the reply thereto of Hon. A. K. McClure, editor of the Philadelphia Times. Over 5,000 people packed the auditorium, and over 1,000 could not gain admission. Wm. M. Ayres, a prominent local manufacturer, presided. The audience was enthusiastic, and the speaker was frequently interrupted by applause. After stating that he would not deal in partisan platitudes nor special pleading, but in plain uncontroversial facts, he proceeded to arraign the "so-called Republican protection to labor as presented in the McKinley tariff as mingled robbery and fraud."

That doesn't sound much like the Colonel has any intention whatever of voting the Republican ticket. We have caught on the Public Ledger's misrepresentations so frequently of late that we can't believe much it publishes.

COUNTY CULLINGS.

Items Picked Up by the Bulletin's Correspondents in Mason and Elsewhere.

MAYSICK.

Miss Ida Ross is here from New York, visiting her mother and friends.

The farmers will get pretty well through cutting their corn this week. Fine weather for the business.

Mr. John Shuff, who had been visiting her father, Mr. Henry Thompson, left last week for her home in Atlanta, Ga.

Our town has been very disorderly for several days the past week. Such lawless conduct is a disgrace to any town or community.

Mrs. Jane McCarthy and granddaughter, Miss Bessie Worthington, have returned from their visit to Illinois, delighted with their trip.

We have had three deaths from diphtheria and a few cases still on hand in a mild form. The doctors think the worst is past, will likely not spread any farther.

John Bryant and a colored man by the name of Mark Middleton, the latter charged with being in a shooting scrape at the "Twin Bridges" some time since and the former for disorderly conduct, were taken to Maysville Saturday to board with Jailer Kirk.

LEWISBURG.

Miss Bettie Melvin attended the Skinner and Dudley wedding in Flemingsburg Thursday.

Miss Orra M. Calvert, who has been ill, took a relapse Monday but is somewhat improved.

Called In.

Dr. Bonar and the two sanitary policemen of Cincinnati, who have been located here for several days inspecting C. and O. trains, were summoned home last evening. The cholera scare has subsided and Dr. Prendergast, of Cincinnati's Health Board, thought further precautionary measures were unnecessary. Dr. Prendergast writes Dr. Owens that the inspection at this point was entirely satisfactory, more so than at any other place selected by him. The Health Board of Cincinnati fully appreciates Maysville's co-operation in the recent work and stands ready at any time to return the courtesies.

Residence Burned.

The residence of Mrs. Mary Dimmitt—the old Dimmitt home—near Bernard, was destroyed by fire between 10 and 11 o'clock yesterday morning. The blaze caught in the roof of the kitchen, from a defective flue, and soon spread to the main part of the building, which was a frame. The flames spread so rapidly that the family saved but very little of their clothing and household goods. The loss amounts to about \$1,500, and the insurance is only \$300. The policy is in the Farmers' Home Mutual, of this county.

Can't Hold Two Offices.

Attorney-General Hendrick this week rendered a decision in a constitutional question in regard to a person holding two offices. The case referred to him was whether or not the Circuit Clerk of Daviess County could act as trustee of the jury fund, and after an investigation of the matter Mr. Hendrick decides that under the Constitution the same person cannot hold two positions.

Sixteenth Kentucky Re-Union.

The C. and O. will make a rate of one fare for the round trip to Maysville and return from all stations between Huntington and Cincinnati on November 30th, good returning until December 1st, on account of the Sixteenth Kentucky Regimental Reunion, to be held in this city on November 30th.

The Ladies.

The pleasant effect and perfect safety with which ladies may use the California liquid laxative Syrup of Figs, under all conditions, make it their favorite remedy. To get the true and genuine article, look for the name of the California Fig Syrup Co., printed near the bottom of the package.

List of Premiums Awarded on Second Day of the Autumnal Jubilee.

Interesting Notes and Personals by J. B. H.—An Incident of the "Courting Gallery."

With your Desha Valley correspondent the fair work grows more delightful every year—it takes some of us a long while to grow old. What a pleasant feeling to return to these autumnal jubilees! The friendships formed, the social ties cemented, the influences started and other things not strictly recordable, all combine to favor the grand conclaves that gather on the historical grounds of the Germantown fair.

Jake Youngman and his bonnie bride, nee Miss Sarah Case, united Tuesday, were present Thursday for congratulations.

Among the veterans still renewing their youths by these annual comminglings were B. D. Owens, Evan Lloyd, Mat Worthington, Dr. A. H. Wall, J. H. Walton, Darius Norris, Sam Proctor, J. S. Asbury.

The hallowed associations of the past still cling to the old "courting gallery," and the good old custom of making love therein has lost no part of its ancient fervor or intensity. That this is true was exemplified Thursday by a devoted couple whose wooing in this romantic spot attracted general attention from the assembled crowd. Even the "betting crowd," another ancient institution peculiar to this fair, took in the situation, and for a few moments gave to this amorous pair those enthusiastic and encouraging yells which are ordinarily given to the favorite horse. The directors say that Cupid has reigned and triumphed here so long that any lovers invading its sacred domain immediately feel the influence of its magic spell so that many a fair but cruel maid has felt its softening touch, and yielded up forthwith to the hitherto impregnable citadel of her heart. To wise young men this hint is sufficient. "Come to the fair and bring the object of your devotion. If the prospect seems peculiarly hopeless on the promenade, entice her into the 'courting gallery,' and the termination of your suit must of necessity be successful."

The Monongahela river is an example of the value of slack water at the present time. While the Ohio, with a body of water ten times the volume of the little stream named, has been useless for two months for all purposes of navigation, the Monongahela has been at a stand to move and harbor all the coal that has been mined since spring, while the fast packet boats have made their trips to Morgantown with all the regularity of the railroad trains.
